

## **IMPORTANT NOTICE**

**Please DO NOT ROPE your chairs together to save a curbside space.**

We are asking everyone to wait until 4 p.m.  
to reserve curbside spaces

This is a huge safety issue for motorists and anyone sitting in the chairs. In addition, tying chairs together prevents motorist access to the merchants who do not close until 5 p.m. In the unlikely event of an emergency, egress is hampered by the “barricade” of chairs. If chairs are tied together they will be removed.

Please tell your friends and family!

The committee appreciates your cooperation in this matter.
